

Are coding errors wasting your time, money, and resources?
Are you facing a shortage of trained and experienced coders?
Are high labor costs and turnover affecting your bottom line?

Benefits of Outsourced Coding or a Coding Audit

- ❖ Increase your revenues, average episode payments, and your admissions
- ❖ Enhance efficiency and revenues as you are potentially missing \$300 to \$700 per episode due to coding errors
- ❖ Verify appropriateness of OASIS assessment and scoring
- ❖ Ensure compliance, and avoid survey deficiencies
- ❖ Identify areas of clinical and operational improvement
- ❖ Learn from your charts and clinical trends so you will improve patient outcomes and identify potential educational needs
- ❖ Improve clinician's satisfaction and reduce overhead turnover
- ❖ Boost staff productivity and focus on patient care

Why Select Acucare Health Strategies?

- ❖ Certified Home Health Coders to ensure accurate coding and compliance
- ❖ We offer the expertise in ICD-9-CM coding and V-Codes, accompanied by an unconditional service guarantee*
- ❖ Certified OASIS Clinicians to perform coding audits and chart reviews who understand the clinical care provided and the regulations that apply
- ❖ Our coding services may be provided on a full time basis or retained on an as needed basis when your coders are ill or on vacation
- ❖ Established for over 10 years, we are a Center of Excellence for the Home Health industry with a proven successful track record in providing outstanding service

Our review is NOT a punitive performance evaluation of your clinical staff. Due to the overwhelming tasks that your clinicians face daily and the ever changing rules, errors do occur. By utilizing Acucare Health Strategies' coding services, your agency can concentrate on what matters most: Patient Care!
